

# Hand Press Double IMPULSE SEALER

## FEATURES

- Great for sealing coffee bags!
- Hand press operation
- No warm-up time
- Suited for sealing thicker materials
- All metal construction

**WN-2510HT** is a double impulse sealer geared for sealing thicker materials such as foil gusseted bags (i.e. coffee bags). The WN-2510HT can seal materials up to 10" wide and 20mil total thickness producing a 10mm wide seal. Equipped with a single and double sealing selector switch providing flexibility of sealing various materials. Depending on the thickness of the material, the user has the choice of 1 or 2 elements for top and bottom heating.

Manufacturer's replacement kit includes two heating elements.

**Easy to Operate:** Set the timer. Insert the bag between the two sealing bars and press down on the foot board. Hold down the foot board for an additional 2-3 seconds after the timer light goes off to set the seal.

**Angle of the handle  
can be adjusted**

SPECIFICATIONS	
Power Supply	110V
Watts	2640W
Seal Width	10mm
Seal Length	250mm / 9.8"
Heating Time	0 – 2secs
Max Temperature	250°F / 482°C
Dimensions	13.4" x 15.4" x 6.3"
Weight	32lbs
