

YC-Series Air Pillow Machine

MODEL: YC-03FD

YC-03FD Air Pillow Machine is the ideal alternative to standard void fill. Impress customers with a clean, efficient and smart way to pack and protect your product. Our air pillows cost less than peanuts or foam to fill the same space. Air pillows provide superior protection compared to traditional shipping materials and also can be stored conveniently taking up a fraction of the space as peanuts and foam.

YC-03FD equipped to handle large volume of air pillows on demand filling up to 145 5" x 8" air pillows a minute. Machine is easy to use.

FEATURES

- Easy to operate – minimal operator training
- Fast warm up time
- Up to 145 5" x 8" pillows a minute
- Adjustable speed and heating controls
- Equipped with a 500m roll holder for up to 5,000 air pillows
- External air compressor not needed
